

## TRAINING LEASE RULES AND REGULATIONS

(As Governed by the GSPCSA Board of Directors)

1. I am welcome to bring a guest, and they may bring their own dog(s) to the lease grounds, but I will not abuse this privilege. This should be generally for the purpose of an introductory visit. Non-members should be encouraged to join the GSP Club and Training Lease.
2. I will not pass out the combination code to the entry gate lock. I will instruct anyone who asks to contact the Lease Chairperson or a Board Member of the Club.
3. I will agree not to train on the grounds before I have contacted the Lease Chairperson and have been instructed on the proper use of the grounds, or have trained at least once with a lease member.
4. I agree to release no more than two (2) birds per house for each dog being trained. I agree to sign in and deposit payment for use of birds when they are available. I may bring my own birds for personal use.
5. I agree to keep all gates closed and locked, and carefully close and secure doors to the birdhouses.
6. I agree not to drive my vehicle on the grounds in wet weather, except in the main parking area.
7. I agree to log any bird shooting in the logbook provided at the bulletin board located under the pavilion at the main parking area. This logbook is required by the State of Texas in order to maintain the Club's Private Bird Hunting Preserve license. Non-Compliance with this rule will result in the immediate expulsion from the lease!

I agree to only shoot those birds as designated on the bulletin board. I agree not to shoot any pigeons designated as "Homers". I agree to deposit payment for any birds killed or injured by my dog(s).
